Release Documentation (mostly outdated)

1. **Release Notes** ([HTML](#) / [PDF](#))
2. **Javadocs**

Note: The following items have not been updated for Rice 2.0 except for KRAD and KRMS chapters.

1. **Installation Guide** ([HTML](#) / [PDF](#)) - How to install Kualu Rice (for technical administrators and developers)
2. **User Guide** ([HTML](#) / [PDF](#)) - How to use a feature (for users)
3. **Client Developer Guide** ([HTML](#) / [PDF](#)) - How to build client applications that take advantage of the feature programmatically (for application programmers) - coming soon
4. **Technical Guide** ([HTML](#) / [PDF](#)) - How we built the feature in the core system (for contributors and maintainers)
5. **Database Diagrams**

* When using Internet Explorer, we recommend viewing the PDF files since the size of the diagrams may be illegible in IE.
